AWARENESS MONTH

DONATE WITH US FOR THE ENTIRE MONTH OF OCTOBER!

Latah Realty is raising money for our local organizations that support cancer patients

and their families- **Northwest Cancer**

Foundation of Hope, Gritman Foundation:

Light a Candle and Gritman Foundation:

Bosom Buddies. Latah Realty and Darcy

Jensen will match **ALL** donations up to \$2,000.00 collected through October 31st!

Support the fight! Every little bit counts!

GRITMAN FOUNDATION LIGHT A CANDLE

Light A Candle provides any number of services to patients throughout the region who may be going through cancer care. Designed to ease some of the burdens that come with facing cancer, we can help with services like; housekeeping, grocery assistance, massage therapy, transportation, gas cards and more. A private, nonprofit, community-led hospital, we invest all our earnings back into caring for our patients – including through the generous philanthropic support of our donors.

GRITMAN FOUNDATION BOSOM BUDDIES

Early detection saves lives, and regular mammograms are the best way to detect breast cancer early. Bosom Buddies provides free screening mammograms to local women who are unable to pay for the screening on their own. The screening mammograms are available to women who receive their medical care in Latah County. A physician's referral is required. Bosom Buddies is made possible through the Pink Tea, Pink Cocktail and generous financial gifts by businesses and individuals in our community.

NORTHWEST CANCER FOUNDATION OF HOPE

The NW Cancer Foundation of Hope is dedicated to providing hope, strength, and assistance to help enrich and enhance the lives of our friends, family, and community members affected by cancer. The program offers a simple process for Whitman and Latah County physicians, hospital staff, support staff and the individuals and families of those fighting the battle to request help. We hope to meet a need or a want and bring relief and hope to patients during their fight against cancer.
